Dear Paul,

Congratulations!

You have been selected as one of the AOLP 2008 Lighting Award winners. Your entry in the Experienced Residential Category section B / 21 – 50 fixtures was chosen for an Award of Excellence. Projects receiving this award have been judged as outstanding in all areas of evaluation (Design -meeting the project objectives, Creativity – techniques & originality, and Technical Competency).

We appreciate clear photographs and the inclusion of all necessary documents with each entry - it was very crucial to the judges' decisions.

Thank you again for your submission. Congratulations on your Award. We hope to see another entry from you next year.

Sincerely,

Matthew Broyles
President
